...Adding Value to Life

Re-imagining Global Agriculture: Growing Responsibly

Investing in Nigeria's Livelihoods, Skills and Food Security

Olam Nigeria is a leading agri-business working along the value chain from growing and sourcing raw commodities, to processing, exporting and distribution, and the manufacturing of consumer packaged foods. With offices across all the geopolitical zones of the Nigerian Federation, Olam Nigeria has a wide and growing network of farmers, suppliers, wholesalers, local buying agents, customers and service providers.

EDITORIAL

Dear Readers,
We are pleased to present to you the 2019-2020 issue of the ILS School Magazine-'Flying High'.

The world today is changing at such an accelerated rate and we as educators are all equipped and geared to prepare our children to face the challenges that the future holds.

Aristotle once said, "Educating the mind without educating the heart is no education at all".

As we impart education to match the advancement in technology and globalization, we also march our children ahead with moral values and principles.

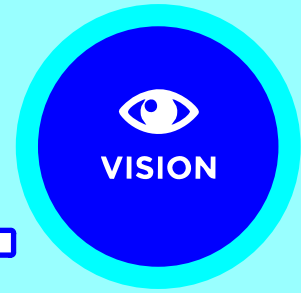

Enjoy every moment you have because in life there aren't rewinds, only flashbacks. For you, we have worked hard to bring up an exhilarating flashback of all the moments, events and achievements during the session 2019-2020.

Happy Reading!!

Gursharan Shergill
Magazine Committee

VISION AND MISSION STATEMENT

VISION STATEMENT

To develop 21st Century learners in a stimulating, caring and vibrant environment and empower them to achieve their personal and professional goals.

MISSION STATEMENT

1. To Introduce Student Centered Learning
2. To Blend in Benchmark Assessment
3. To Inculcate Employability Skills
4. To Nurture Core Values

PRINCIPAL'S MESSAGE

Innovation in Education

Education is the base of every society. It is often said that what and how we learn in school determines who we become as individuals in life. Education determines our ability to communicate, solve problems, our interpersonal relationships and how we perceive the world around us. With the blending of technology in every walk of life there is a dire need for innovation in education to meet the challenges of the fast-changing and unpredictable globalized world.

There is still a significant gap between the potential of modern education and what students actually learn at school. Many educators still practice rote and old ineffective methods of teaching and learning. The adoption and exploration of innovative ideas in education is often slow and the acceptability to the change is very low.

Since the delivery by teacher and expectations of students is mismatched most of the students have short attention span during class, feel unengaged and resort to in disciplinary activities in classrooms. Integrating Art in learning gives diverse opportunities to learners and makes learning interesting, engaging, faster and efficient.

Facilitating learning based on different learning styles is yet another way to engage learners. Technology allows teachers to individualize lesson plans to different students and their unique styles of learning. The focus of present educators should be to teach students to become innovative thinkers, learn leadership skills, think creatively and independently.

Educators need to prepare students for the future by empowering them with technology-based skills, allowing students to learn, early on, to embrace and take advantage of the tools technology offers.

Today's education systems are required to be both effective and efficient, or in other words, to reach the goals set for them while making the best use of available resources.

HIGH COMMISSIONER'S MESSAGE

भारतीय उच्चायोग
अबूजा (नाइजीरिया)

उच्चायुक्त
HIGH COMMISSIONER

High Commission of India
Abuja (Nigeria)

11 March 2020

MESSAGE

I am delighted that yet another edition of 'Flying High', the annual school magazine of the Indian Language School (ILS), Lagos, is being released at the end of a successful school year.

2. ILS is not only providing quality CBSE curriculum in Nigeria, but is also maintaining high standards of teaching, testified by acceptances in quality universities/colleges and several other successes of the graduating students of ILS. The School is a valuable outpost of Indian learning and ethos in Nigeria, and was also selected to participate in Prime Minister Modi's Pariksha Pe Charcha program.

3. I take this opportunity to thank the members of the Board of Trustees, the Principal, and teachers of ILS, for their invaluable contribution to the smooth functioning of the ILS, as well as towards its future expansion and growth plans.

(Abhay Thakur)

DISTINGUISHED BOARD OF TRUSTEES OF ILS

1. His Excellency Shri. Abhay Thakur
High Commissioner of India & Chairman Board of Trustees
2. Mr. M.L. Lalchandani
Chairman Committee of the Board of Trustees
3. Mr. N.G. Patel
4. Mr. R. Chanderia / Chief (Dr.) J.C. Dugad
5. Dr. (Mrs.) Suman Kanwar
Ex Principal of ILS
6. Mr. V. Srivathsan
7. Mr. Rahul Savara
8. Mr. Nari Gwalani
9. Mr. A. Bharadwaj / Mr. Sudharsanam Ellanti
10. Mrs. Poonam Dalamal
11. Mr. Siva Subramanian
12. Mr. Alok Gupta
13. Dr. Balla Swamy
14. Mr. Deepak Singhal
15. Mr. Navdeep Singh Sodhi
16. Chief (Mr.) Sanjay Jain
(ex-officio - ICA)
17. Mr. Mahak Chandwani
(ex-officio - PTA)
18. Mrs. Sonali Gupta
(Principal & Secretary Board of Trustees)

Dear Grade XII Students,

As you start this new journey in life,

- * May every day hold wonderful experiences.
- * May the path you walk on be bright.
- * May success follow you in all the new ventures that life has in store for you.

Sending you all thoughtful wishes in all life's endeavors

Good luck to you now and always!

OUTSIDE SCHOOL LAURELS

MODEL UNITED NATIONS CONFERENCES

Model United Nations, also known as Model UN or MUN, is an educational simulation and academic activity in which students can learn about diplomacy, international relations, and the United Nations. MUN involves and teaches participants speaking, debating, and writing skills, in addition to critical thinking, teamwork, and leadership abilities. It is meant to engage students and allow them to develop deeper understanding into current world issues.

The Nigerian Model United Nations Society (NigMUNS) was founded in 2004 and held its first conferences in 2005. NigMUNS is highly deepened in the urge and rising need to involve young people in participating and simulating the decision-making processes of the United Nations within the Nigeria context.

Every year the organization makes a deep impression on the lives of thousands of youth across Nigeria and beyond through the continual and successful hosting of MUN conferences. ILS participated in two of the conferences in year 2019-

1. Nigerian International Secondary Schools Model United Nations , Abuja(NISSMUN) – 26TH Oct- 31st Oct 2019
2. Lagos Regional Secondary Schools Model United Nations, (LARSSMUN)- 16th Nov-20th Nov 2019

NISSMUN and LARSSMUN conferences are a milestone moment when young minds gather together for a common global good. From everywhere near and far, they come to advance the cause of humanity and to form adequately their problem-solving experiment that is important and required in every field of life. NISSMUN and LARSSMUN theme for 2019 was Harnessing the Energy and Creativity of Youth in Peacebuilding, Tolerance and Conflict Resolution.

35 students altogether from Grade XI and XII participated in both the conferences. ILS won Best School Delegation Award in both NISSMUN and LARSSMUN. Students of ILS bagged 22 awards in Abuja conference and 24 in Lagos conference.

22. BEST ACCOMPANYING STAFF ADVISOR- MRS. BINDU MATHEW
23. BEST CULTURAL PRESENTATION- INDIAN LANGUAGE SCHOOL
24. BEST SCHOOL DELEGATION- INDIAN LANGUAGE SCHOOL

EXPERIENCES OF DELEGATES AT LARSSMUN 2019-LAGOS

LARSSMUN was a great experience not only for me but for everyone present there. The exposure and experience we received was simply amazing. It also helped us develop a lot as individuals and has improved our confidence and speaking skills a lot. All the students of ILS were like a family to each other and from waking each other up in the morning to making sure each and every one has had their food, we were all there for each other. There were also two birthdays from which one of them was mine and even though I was away from my family I did not miss them because I had another family which was there with me. I could not possibly thank just one teacher because it was combined effort of a lot of them which made it a great success. It was a very great experience and the competition was also quite high but overall with all the work and the memories it was all worth it and I would suggest all the students to try out for MUN.

- Khwaish Kochhar - XII- Head of Delegates

My experience in the LARSSMUN was quite spectacular. I met different people from different schools and learnt about their cultures as well. I was exposed to a lot of information about different countries along with their problems and how they resolve them. During this span of 5 days, I came very close to our own school delegation and realized they're very nice people especially Naman who would wake me up every morning at 5! My school delegates along with our accompanying teacher, Mrs. Bindu Mathew, surprised me on my birthday and this was and will be one of the most memorable birthdays of all time. I am also very thankful to Mrs. Leena Dam for her efforts in training us in all aspects as individuals and as delegates. Finally, I would want to thank Mrs. Umashankar for extremely vivid choreography which led us to win the "Best Cultural Award" during the conference.

- Mitul Pandey - XII

My experience in MUN has been nothing but wonderful and exciting, living away from home for 4 days has been a very new and enlightening experience. Getting up early everyday, getting ready for conferences has been a whole new experience in itself. The atmosphere over there was very friendly and interactive, I made many new friends and learnt about new cultures and religions. Seeing those faces everyday for 4 days, spending the day with them getting to know my seniors who were so supportive and friendly. We went there as 19 individuals but we came back as one big family. I will cherish this bond and this experience forever and never forget the values I learnt there and the friends I made there and am thankful for the school for giving me this opportunity.

- Alankrit Bharadwaj - XI

My experience at the LARSSMUN 2019 was absolutely spectacular. Interacting with students from different schools and learning about their culture was really delightful. We learnt about how the organization of 'United Nations' functions, about different countries and about how we can tackle worldwide issues. Each of us was assigned a particular country of which we were delegates of. This means that we had to represent that country and give its stands on the agenda which was under discussion. Preparing for LARSSMUN did require a lot of research and at the end of it, not only did I gain a lot of knowledge about my assigned country (which was Singapore) but I also became aware about international relations between different countries. For those 5 days at LARSSMUN, our school delegation became really close and we lived like one big family. I would like to thank Mrs. S. Gupta, Mrs. B. Mathew, Mrs. L. Dam and the entire ILS team for their support and making this a huge success.

- Naman Kaushik - XII

LARSSMUN was a very enlightening experience. It was an adventure of its own kind. It boosted my confidence and morale. Moreover, it made me aware of the issues that our world is facing and the magnitude of disparities that exists between the first and the third world countries. MUN taught me that a lot of global crisis and issues can be solved through dialogue and debate. In MUN, debating against a few of the best students of various school, taught me how to think on my feet and be very instantaneous. The four days we spent there had its own ups and down which I will reminisce forever. Lastly I would like to thank Mrs. Sonali Gupta, Mrs. Bindu Matthew and Mrs. Leena Dam for providing us

constant support and being our back bone. I would like to recommend to everyone to give a shot and experience the MUN culture at least once.

- Kanika Rathi - XI

ARSSMUN 2019 has been a blessing and a stepping stone for me personally. Being the delegate of Ethiopia and getting the opportunity to research on the many problems Ethiopia and countries across the world face. It helped me to understand how world governance works. It helped me learn how to research, have intellectual discussions, and make decisions based on those discussions. With pride I can say that I was able to discover more of myself as a person and was able to see the areas I need to improve upon. The best part of this 5-day conference was the bond I made with my peers. We all became good friends in this short duration of time. I am extremely grateful to the school, the principal, the vice principals and the two back bones of this entire program - Mrs Bindu Mathew and Mrs Leena Dam for this platform and this opportunity. This is an experience that I will cherish for the rest of my life.

- Dhiyan Susan Epen - XI

The LARSSMUN Conference 2019 was entirely a new experience for me. It may have been out of my comfort zone but stepping out of this bubble was a learning process for me. It also did a good job for preparing me for the utterly homesick hostel life which I would eventually face next year. I was the delegate of France to the Security Council which was really empowering for me during the committee sessions. I learnt so much about my country, its powers and policies and various others issues which were dealt globally. It gave an incentive for coming up with resolutions and ideas to deal with issues thereby motivating us to become global citizens along with the development of moral qualities.

The quality time I spent with my friends there cannot be explained in just few words. We developed a sort of mutual understanding and were there for each other throughout the trip.

I will cherish this box of memories forever.

- Chunar - XII

Taking part in MUN was a great experience. It was a very interesting competition through which I have learnt a lot of things. Researching about the countries and their problems wasn't an easy task but there is a lot to gain in it and the curiosity of the country's problems and the urge to find the solution to that problem keeps you interested. The competition wasn't easy but we succeeded. This competition has also helped me make new friends. Due to the endless support of Mrs. Bindu Mathew and Mrs. Leena Dam, we have performed well and gained this

experience. Also, staying away from my family taught me how to be self-reliant and independent. One major aspect I learnt from LARSSMUN is that all the humans should work towards the betterment of the society and maintain peace amongst each other.

- Raiyan Ahmed - XII

Model United Nations was a life changing experience. My experience at LARSSMUN 2019 was an absolutely memorable one. It boosted my courage and morale, and made me more confident. This event gave me the opportunity to learn a lot about myself. I learned how to stand, speak, deal with other delegates, deliberate, lead, write, read and research, and so many other talents I would never have learned without MUN. It was a great privilege for me to represent Germany in the Economic and Social Council of the United Nations. Days of hustle and bustle, hectic preparation and tireless efforts have now become reminiscent moments of cherishment. It was an experience I will always hold close to my heart. Good luck to the future delegates!!

- Aaron Stephen - XII

My experience at the LARSSMUN 2019 Conference was nothing short of absolutely marvellous. I got to meet new people and actually made a couple of friends despite the fact that I'm not the best at socializing. Months of hard work and late nights have resulted in my confidence, self-esteem and leadership skills boosting tremendously. This conference taught me to be courteous as well as kind to everyone I meet regardless of whether they reciprocate or not. It taught me to be diplomatic in difficult situations and helped me learn how to adjust to various circumstances. This experience has also instilled a sense of belongingness for my school and helped me realise what we are capable of doing if we work together as a team. I believe the conference has changed us all in our own unique ways and has made us better human beings; ready to take on any and every obstacle that life throws at us. To the junior classes, I advise you not to miss out on this unforgettable opportunity of a lifetime.

Last but not least, I would like to thank Mrs. Dam and Mrs. Mathew for guiding us every step of the way, believing in us and Mrs. Gupta for providing us with this wonderful opportunity.

- Gayathri - XI

Taking part in the MUN was one decision I am never going to regret taking. It was one of the most enriching, fruitful and inspiring experiences of my life.

It gave us an experience out of our academic life, taught us how to adjust to a new environment, meet new people and understand new people. Learning about how the UN works was also a very educative experience.

Although I couldn't win the best delegate in my committee because of some confusion between the officials, it taught me that even though you work hard in your life, there will be

some things you will not be able to achieve, and we should learn to move forward and not cling on to the past. This was an amazing experience and I would love to take part in such events later on in my college as well.

-Amish Gautam - XII

EXPERIENCES OF DELEGATES AT NISSMUN 2019 - ABUJA

After achieving success in LARRSMUN consecutively for two years it was time for Indian Language School to step it up and so from 26- 30 October 2019 ILS took part in Nigerian International Secondary School Model United Nations Or NISSMUN held at the nation's capital Abuja . Leading this team as a Head of Delegation for the first time to such a prestigious event was indeed a wonderful experience and wouldn't have been possible without the guidance of our Principal Mrs. Sonali Gupta and the relentless and selfless efforts of Mrs Dam and Mrs Mathews who have been the backbone on the MUN programme in ILS.

NISSMUN 2019 has been a changing point in my life - it has helped me grow as a person , understand about national problems and how to use the 21st century skills to combat those issues and going through pages of research papers ,articles made me understand how we should appreciate our life every single moment. MUN also instils debating skills , teaches you how to open up , make new friends , foster brotherhood and brings a variety of people of different caste , culture and religion to come together to get their minds to work to eradicate the global problem .

Over those 5 days in Abuja away from home was not an easy experience. But thanks to such a wonderful team that made me feel home away from home. Also we were fortunate enough to visit the Indian Embassy in Abuja and meet the High Commissioner of India to Nigeria.

Overall the entire MUN journey changed me as a person. The experience is not as easy as it seems to be there were problems and obstacles all along the way but we made through it together as one family.

I remember Mrs Dam once said , " The friendship that you will make in those 5 days in Abuja that will go till the end ."and it was true . Although we went as a bunch of 16 friends but we sure did come back as family .

I would strongly recommend everyone to take part in the MUN be it the school MUN or LARRSMUN or NISSMUN don't let go of this wonderful opportunity and signing off without team motto "ONE LOVE ONE FAMILY"

- Chirag Satpathy, XII - Head of Delegation

People often sit at home, listening to news, appreciating or criticising new policies made by the government, believing almost anything flashed on their screens and thinking that the media's opinions are actually their own. I too, was one of them. However, NISSMUN 2019 taught me that not every decision taken by a country produces the outcome expected by the people and that sometimes policies that might seem unnecessary to us may actually turn the world around. It has changed the way I look at world problems now.

When I started researching about my country, I realized that so many policies just existed for the sake of existing and that none of them had been implemented properly. However being a delegate of the country, I had to defend it no matter what! And isn't that exactly what happens at the actual UN?

What I am implying is that MUN has exposed me to the reality of politics. Furthermore, every conference taught me something new. I learned to deal with others, speak (using a diplomatic language) and also made new friends at the conference, many of whom I remember only by the countries assigned to them.

MUN is another experience altogether and students, if given the opportunity, should definitely take part in it.

-Saloni Khule - XI

This trip has been one of the best learning experience I've ever had. It wasn't just the 5 days that we spent in Abuja but, also the months of training we had prior to this that taught me about building relationships with my peers and my seniors, learning to speak confidently in front of a crowd, team work, information about my country, the committee I was allotted and most importantly it gave me an opportunity to know more about the crisis the world is facing and how my little efforts can make a huge change.

I have always been able to communicate well and make new friends, but this experience gave me the platform to understand myself better, it allowed me to meet new people, learn about their cultures, their languages and enabled me to make companions that I will maintain with forever. Apart from this the trip also taught me about the essence of hard work. I remember spending my night and day, burning the midnight lamp to research about my country, prepare myself for the committee sessions and edit position papers and I was able to reap the fruits of my effort.

I thank the school for giving me this opportunity to not just enhance my capabilities and learn to survive in a new environment but, also for giving me one of the best teams I have ever had that I now consider my family.

-Pranay Kabra - XI

NISSMUN was a completely genuine and enthralling experience for me. Model United Nations has a language onto itself. To be able to absorb, inculcate and imbibe this beautiful language was an incredible thing in its own right.

NISSMUN 2019 gave me a platform to diplomatically voice my opinions without fear of judgement. It pushed me to be more open, actively voice my opinion and be diplomatically pleasing at the same time. But, most importantly Model UN sensitized me and made me want to be an instrument of change in this large workforce of Youth which simply have the power to change the world. Although MUN can be undeniably very tiring and difficult at times I did ultimately enjoy it. Meeting others who were truly passionate about world issues was inspiring and made me agree with what the officials had said in the opening ceremony: "You are the leaders of today". We are the leaders of today, together we created resolutions that could have solved problems and really have made a difference. I have learnt so much from this experience and will always cherish the memories made along the way for many years to come.

-Rahul Thakur - XII

Blue endless skies of unforgettable memories, Heavy clouds of stressed minds, Late night preparations and researching, Excitement on all of our faces of this unforgettable expedition. Lush trees of friendship, Everyone's mind racing with opportunities that are to come New faces and acquainting smiles, Hours of enouncing speeches and dance practices. Packed suitcases of a million fights, smiles, difficulties, troubles, arguments and hours of researching and hard work, Cheers to one of the most memorable and life changing trip, that didn't just give me knowledge and wisdom but, gave me an exposure, taught me to interact, taught me to work as a team, taught me about the world and it's burning issues, taught me about various countries, and most importantly gave me a family that I will keep forever.

I am grateful to this school for giving me this amazing opportunity.
Jyotsna Hiranandani - XII

Being a delegate at the Nigerian International Secondary School. Model United Nations was a memorable experience, one that will stay with me forever. My fellow peers and I became closer than ever. Now we share a bond that time can only ravage but never truly break. The people I met at the conference came from the different corners of Nigeria and some came by bus in an eight hour journey, while some came on one hour flights. I met other people with interests similar to mine and some with different opinions ,yet an understanding mind. As a senior who will be leaving school in a few months, I would tell all students to immerse themselves in all their experiences and learn something from everything as even the dirt on the ground has a lesson to teach.

-Lidia Jojy - XII -MUN: A Life Making Experience

Experiences mold you into a better person and develop your skills. Every experience has a different story, an amazing adventure and a unique background behind it. Last month October; I received a once in a lifetime opportunity to represent our prestigious institution in the Nigerian International Secondary Schools Model United Nations. Before I begin I would like to thank Mrs. Gupta for permitting our delegation for this opportunity, Mrs. Dam for mentoring us and being out constant support and Mrs. Dixit for being our guardian. Chirag Satpathy has been the captain of our ship and a constant guide for us. He was a bridge between us students and teachers. Coming back to the experience- meeting people from different cultures and societies can be a bit overwhelming in the beginning but eventually we get habituated. 1000 students belonging to 37 different schools representing different Nigerian cultures and traditions- Interacting with so many different people was the architect in making me a more confident, interactive and aware person. Living in a different city away from family and friends can be extremely challenging but I had my second family behind me always by my side. Staying up late at night, drafting resolutions, researching for hours, writing speeches were all worth it as each of us spent time together and learning valuable knowledge which would be useful in the future. Each and everyone of us were alone in our committee sessions but our thoughts were with each other. My committee consisted of 40 students it was the largest committee the General Assembly which is also a key organ of the UN, I won the best delegate in the committee. Wishing best of luck to future delegates.
-Akshat Kumar Gupta - XII

NISSMUN ABUJA - 2019 was a great learning and adventurous experience. Travelling to a city outside Lagos was in itself a big step towards this. Having made the journey to a different place also provided great exposure to the different people staying in this country. We encountered people from different schools and states across Nigeria and learnt a lot about their culture and education system. MUN provided a great platform to speak about pressing issues plaguing the world community and offer viable solutions to the same. Visiting embassies of various countries and having sessions with their ambassadors was an added bonus. Our group of 16 students bonded really well and we made new friends throughout the trip. MUN is a co-curricular activity which is recognized by universities all across the world, and hence the certificate of excellence from NigMUNS received has great recognition helping us for college applications. I would like to conclude by thanking the school for giving us an opportunity to participate and Mrs. Dam and Mrs. Dixit for looking after us throughout the trip.
~ Tanmay Pilla - XI

SAUDADE – A RECOLLECTION OF FEELINGS, EXPERIENCES, PLACES, OR EVENTS THAT BRING BACK EXCITEMENT AND HAPPINESS

Just like a photo can't fully capture what it feels like to stand on the edge of a fjord, neither can this short article of 100 words fully describe the 6 day journey that we as a group of 16 have undertaken together. We went as a team with common goals but came back as a family, a family that supported each other throughout thick and thin but what provided us constant resilience throughout the trip were our parents and teachers back home who constantly wished for us to give our best. The trip apart from giving me an opportunity to express myself on a wider platform taught me how to be street smart. It taught me how to fend for myself, interact with people, befriend them and at times even work out solutions in a more natural environment using the quality of persuasion.

-Chandani Laheja - XII

Great philosophers have said a memory is a mere recollection of the past but an experience, it gives us chance to relive the journey, to feel the emotions and not help but to feel a tinge of nostalgia. NISSMUN 2019 was an experience, an experience to cherish for a lifetime. From meeting diverse, incredibly interesting people, having conversations that would broaden one's outlook, researching hundreds of websites, learning to live by oneself, having to spend sleepless nights, and yet having a family that is ready to support you any time of the day. We left from Lagos as a group of students and teachers, returned as a family - one that we will treasure. This was one event which I could say without misleading anyone that truly transformed my life. After all, the more you learn to celebrate your life, the more there is in life to celebrate.

-Deepam - XI

Model United Nations was much more than just a conference- it was a thrilling academic and

intellectual venture that gave a different perspective to my life. It inculcated me with the arsenal to reach out to various pragmatic and dynamic minds as well as streamline myself for diverged interactions. It allowed me a platform to learn the various nuances of understanding global social, economic, political and intellectual turnovers. It gave me scope to gamble with my mind and thoughts, for which I am dearly thankful for the opportunity hence given. Opening my mind to different concerns and the global dynamics, the MUN has instilled me in a better horizon and I hope to inculcate my underpinnings in

my future so as to be a better citizen and bring about a change that today's generation visualizes for betterment.

-Soumyakanta Sahoo- XII

like most of us at the start, I too endeavored to seek self-centered gains in the quest that mandated each one of us to traverse the undulating plains that lay dissipated across the cities of Lagos and Abuja. We took flight as a mob of representative delegates, unaware of the personal grudges we harbored against one another, nevertheless, to return as an army of consolidated siblings, linked by an infinite chain of warmth and affection that terminated our spites. Indeed, no set of words can truly shed light on the memories we mutually forged.

On a personal level, the bonds we developed outweighed the titles we secured after the campaign. The entire program facilitated a platform for improvement in all respects; namely leadership, responsibility, discipline, teamwork, and humility. Additionally, a few of us were bestowed with the rare opportunity of an interactive session with the Ambassador of Denmark himself; it was an exceptional experience.

The cultural night was another ecstasy, with institutions showcasing their endless collection of vibrant conventional attires. Lastly, these five days have taught me more than years of monotonous teaching could ever have, made more friends than I could ever have, and learned what I couldn't have otherwise. I appeal to fellow students to take full advantage of this learning occasion to enhance their overall profile and establish a sustainable variant of themselves.

- Pritik Saini - XII

I'd like to thank Mrs. Sonali Gupta and the school for giving us this wonderful opportunity. Words fall short to describe our experience in Abuja. This was the first time the school had sent a delegation to Abuja and it's really a very delightful matter that we won the Best School Delegation. The win could be seen as a bouquet of roses but to make that bouquet we all faced the thorns yet kept going strong. Hats off to our head of delegation Chirag Satpathy because he put the most amount of efforts and took care of all of us. I really cannot describe in words Chirag's role in the MUN. All of us used to sleep by 2 in the night and wake up by 5 busy drafting resolutions doing research and each one of us put in enormous amounts of efforts in this conference. What I feel we embedded was how to keep going on no matter how we are feeling and keep striving to win. And I would like to give my sincere gratitude towards Mrs. Leena Dam.

Honestly speaking no amount of words could describe the work she put in. I'd really wish I could've been able to convey my immense respect and love for her. I'd like to conclude by saying, The NISSMUN conference of 2019 is one that will stay in my heart because the 16 children went as delegates but came back as a strong family.

- Yash Lamkhade - XII

NISSMUN 2019 was a unique and memorable experience for all. It was not only about the competition it was about much more. The competition taught us many things it enhanced our debating skills and ability to talk with new people and make new friends. It was also a cultural experience since many of us despite living in Nigeria do not engage much with the locals and are always in a comfort zone. But over there you are placed outside your comfort zone in an unknown place with new people and talking to them teaches you about their culture and lifestyle and shows you how much we all have in common despite our regional and cultural differences. It was also a team bonding experience. All of us went there as a team and our experiences in those five days brought us closer to each other. NISSMUN 2019 was a very beautiful and enriching event.

- Vedant Parikh - XII

The prestigious B.B. Garg memorial Debate competition is an annual event held in memory of the founder. The much-awaited event witnessed a flurry of eminent school from all over Lagos taking part and fiercely competing for the winning post. This year eight schools participated in the

debate. The competition was fair and well fought out. The students came up with strong arguments and emanated as good role models for their fellow schoolmates. All the speakers were confident, and their performance managed to impress the adjudicators.

MANCHESTER TRIP

The month of May saw a burst of activities, highlighted by a trip to Manchester. Thirty-nine budding athletes along with two teachers and coaches embarked on a journey of adventure and sports, to visit the beautiful city of Manchester in UK. They indulged in events like basketball, football, swimming, volleyball and table tennis.

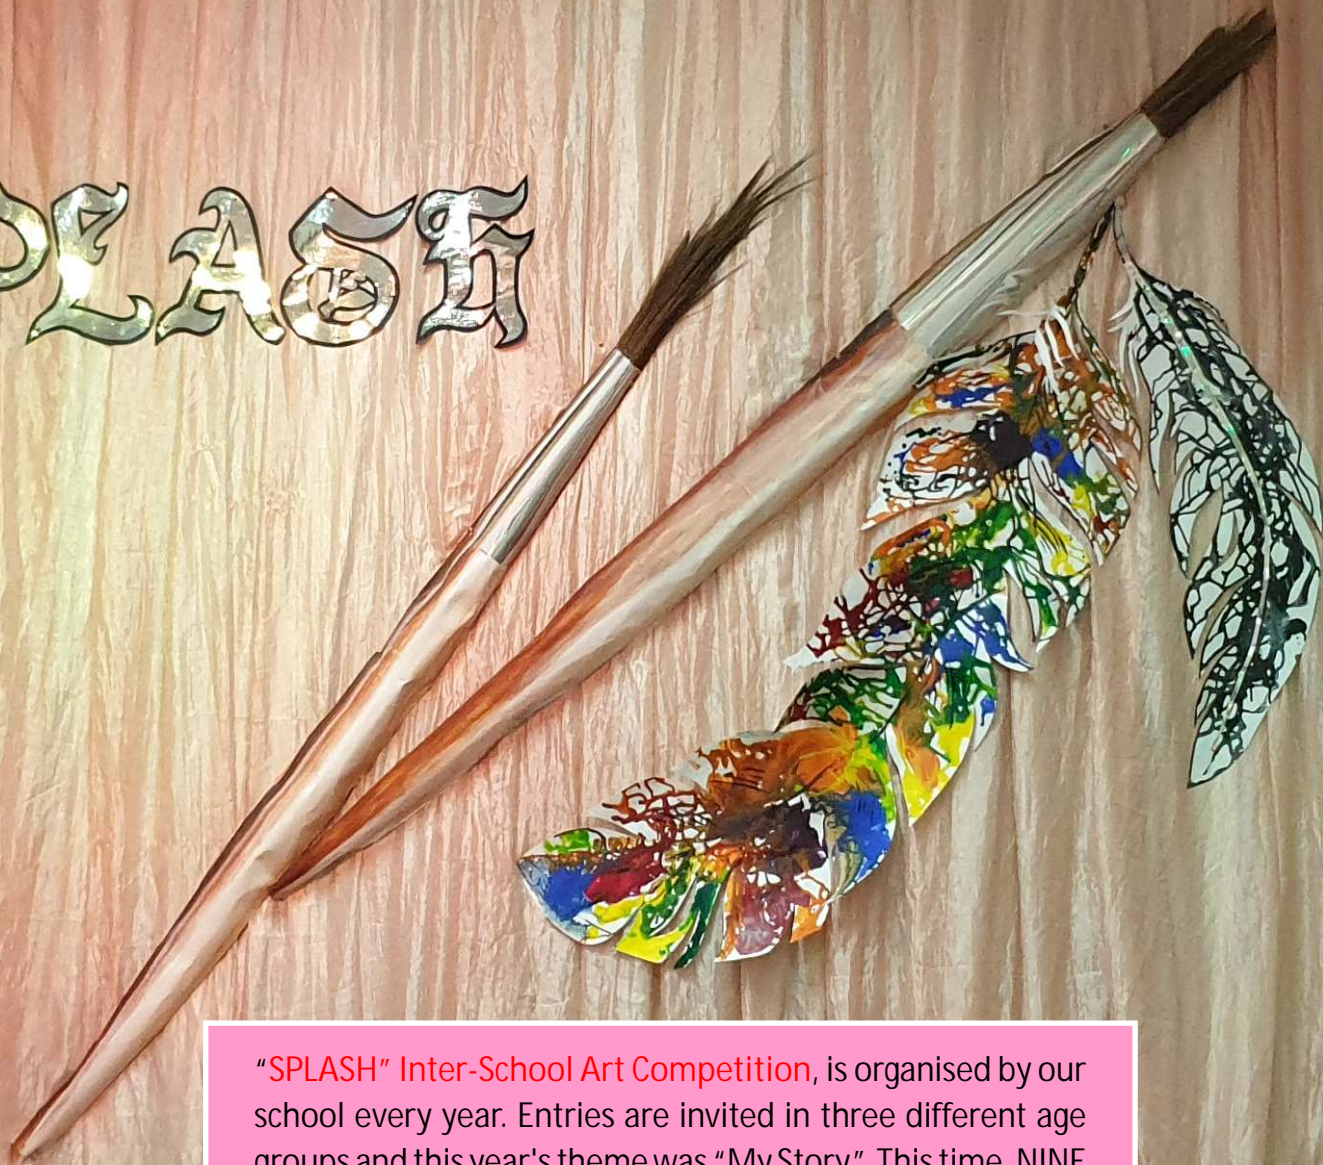

Our students gained valuable experience in training sessions and playing matches under colder climatic conditions.

SPLASH

SPLASH

"SPLASH" Inter-School Art Competition, is organised by our school every year. Entries are invited in three different age groups and this year's theme was "My Story". This time, NINE schools participated in this Art Competition. From ILS, we had TWELVE participants and they won FIVE First Prize, FIVE Second and TWO Third Prizes.

ILS CHILDREN MAKING INTERNATIONAL HEADLINES!

SATYAM MAURYA of Grade VII participated in AZIMUTH SHIPPING LINES LIMITED JUNIOR TENNIS CHAMPIONSHIP. He became runner up in U-12 category. He is the first Indian to play in the final of a local tournament and is expected to play in the Junior Central Bank of Nigeria (CBN) Open also. He also played in three tournaments in Portugal organized by the PORTUGUESE TENNIS FEDERATION. Currently his ranking is 136 in Portugal under – 12 category.

SAMIT BALLAD of Grade VII was also an active participant in AZIMUTH SHIPPING LINES LIMITED JUNIOR TENNIS CHAMPIONSHIP. Samit entered the quarter finals securing 4th place out of 64 children from Nigeria, Togo, Benin Republic, Ghana. He also showcased his talent in Tennis Tournament organized by LAVENDE HEALTHCARE at Lagos country club and secured 3rd position and won a Bronze medal under -12 Boys category.

OUTSIDE SCHOOL LAURELS

The 51st edition of ASOJUOBA MOLADE OKAYA THOMAS CUP TABLE TENNIS CHAMPIONSHIP was held in the month of November. Fifteen students from ILS participated in Singles, Doubles and Mixed Doubles categories in the Competition.

TARUN SAGARAM was declared the Most Valuable Player.

In mixed Doubles, APARNA SONI and REYNA KURIAN won the third prize.

LAGOS CITY GYMNASTICS CLUB COMPETITION

In February, nine students of ILS participated in Inter School Gymnastics Championship organized by American International School. Our boys won five Gold Medals and girls won four Gold, two Silver and one Bronze Medal.

NATIONAL YOUTH GAMES 2019, ILORIN:

AVANI GOEL made her debut in National Youth Games 2019 at the University of Ilorin, Nigeria. She is 9 years old but competed in under – 15 years open competition of gymnastics. She is at fourth place in Floor & Vault and bagged a Bronze in Beam.

V.KEYUSH of Grade X won a Gold Medal at THE MALOGI NATIONAL CHESS CHAMPIONSHIP in Under – 15 Boys Category and was also titled as the Best Player.

CHILDREN'S DAY GOLF CHAMPIONSHIP was held in May: 40 students participated from various schools across Lagos. AARNA ARORA won First Prize & was awarded with a Trophy & a Certificate.

Four students participated in the "7th HONEYLAND SCHOOLS U16 KIDDIES TAEKWONDO CHAMPIONSHIP' and all four won the Medals Aditya Dwivedi (Gr VIB) – Bronze, Tanishq Rao (Gr VID) Silver, AADITRI GIRI (Gr IVE) Gold and VAISHNAVI ANCHAN (Gr VIIIIB) Gold.

FAREWELL GR-XII

Only to meet again We sent off Grade XII with a heavy heart to capture the wider horizons.

The farewell party is looked forward to with mixed emotions. The ache of leaving their comfort zone and the excitement of the future. Dressed in their best, a song on their lips and a tear in their eyes this will forever be etched in their hearts.

Equipped with life skills and brimming with confidence we wish them the very best in whatever they endeavor to do. Always in our hearts but with wings to do what they have always dreamt of doing. We hope to have imparted the courage to take the first step even if they do not see the whole staircase.

INNOPET BLOMAX SERIES V

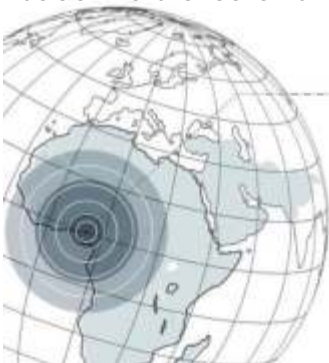

In the development of stretch blow molders, KHS can look back on over 40 years of experience in PET processing. It is therefore not without good reason that the InnoPET Blomax stretch blow molder has been setting standards in the production of PET bottles since inception.

InnoPET Blomax Series V Users who opt for sustainable and powerful technology have their questions answered. The machine produces up to 90,000 PET bottles an hour holding between 0.5 and 3.0 bottle sizes. It manufactures lightweight or premium variants just as reliably as individual bottles and containers. Depending on requirements 6 to 36 blow stations are possible, each of which has a capacity of up to 2,500 bottles per hour. With the machine's quick changeover system format changeovers involve only a few manual adjustments performed in a very short time indeed, ensuring permanently high line availability.

Innovative features for more sustainability

The Series V saves up to 40% in energy compared to its predecessor through the implementation of a completely new heating concept. The near-infrared NIR heater centrally installed in the closed reflector tunnel is very instrumental to this feature. In the heater, the preforms pass the centrally arranged heating units to both the left and right. This means that the preforms have a very small pitch of 18 millimeters instead of the previous approximately 37 millimeters. KHS has thus been able to reduce the number of heater boxes by up to 40% which not only results in such vast energy savings but also cuts down on the amount of radiation loss.

In the Series V KHS has supplemented its patented Airback^{Plus} air recycling system for an up to 40% saving in compressed air with its new EcoDry air management system. This uses the residual air from the blowing and recycling process to replace a separate air drier in the base mold area and in the blow wheel.

Filling and Packaging – Worldwide

KHS Machines Nigeria Limited is an innovative, customer oriented and responsible company is a solution provider for packaging and engineering technology in the manufacturing industry. With 150 years experience in the design, manufacture, installation of packaging and engineering equipment, KHS Machines Nigeria Limited possesses extensive experience in the industry and offers support and competitive advantage to its customers in the manufacturing orientation

We offer after sales support to customers, we are partners with our customers and build relationships that are mutually beneficial to both parties. We offer customized packaging solutions and technology to customers subject to their needs. KHS Machines is driven to remain the **FIRST CHOICE IN PACKAGING SOLUTION TECHNOLOGY** worldwide and has a broad range of products within its portfolio to meet the needs of the customer today and in the future. We are committed to quality and excellence in service

PACKAGING MACHINERY encompassing Filler, Rinser and Crowner, conveyor, Inspection Machines, Pasteurizer, Bottle washer, Labeller, (Complete Filling and Packaging Lines For GLASS, PET, CAN, KEG And Pouches) Kister, Blow Molding Machines, Wrapper, Crate washer, Palletizer, Depalletizer, Pallet Magazine, Mixer, Packer and Unpacker.
