- CANADIAN MATHS
- ZOOM SESSION WITH A HOLOCAUST SURVIVOR
- CHEMISTRY AND BAKING
- PARENT TEACHER MEETING
- GRANDPARENTS DAY

Dear Parents

Life is a journey that is meant to be embraced to the fullest every day. COVID-19 has expedited change in the education landscape and Online Learning in Education is the new normal. Each step ILS took revealed a new horizon and your support Dear Parents has always been our strength.

GANDHI JAYANTI

To mark the 151st birthday of The Father of the Nation, Mahatma Gandhi, some activities were conducted grade wise. Students created posters, slogans, and drawings of the great leader. They created poems and wrote the ideologies of Gandhiji. They prepared charts and designed infographic on timeline of movements initiated by Mahatma Gandhi and highlighted the detailed relevance of Gandhi's philosophy in today's time. The activities aided the students to learn to appreciate Gandhi's values on peace, non-violence, and his effort in Indian Freedom Struggle.

MENTAL HEALTH AND WELLNESS

Anything that's human is mentionable, and anything that is mentionable can be manageable. When we can talk about our feelings, they become less overwhelming, less upsetting and less scary. Activity is a creative way but not a disturbing way to bring about a certain understanding of the cause. Activities were conducted in school to reinforce the happiness quotient and generate confidence and strength to face challenges and accept failures as stepping stones.

IMPORTANCE OF
MENTAL HEALTH

WORLD STUDENTS' DAY

World Students' Day was celebrated on 15 October to commemorate the birth anniversary of Dr. A.P.J. Abdul Kalam. This eminent personality was the 11th President of India (2002-2007). He was a politician and with it a scientist and a teacher. He played a pivotal role in the Pokhran-II Nuclear tests in 1998 and earned the title 'Missile Man of India.'

INTERNET SAFETY AWARENESS SESSION

Technology trust is a good thing, but control is a better one. In today's dynamic environment, cyber security has become vital for every individual. Cyber vulnerabilities demand users to remain vigilant. Online sessions were conducted in school to establish better understanding of virus protection, cyberbullying and netiquette.

Empower Yourself and The Parents

- Lets work together to keep our kids safe.
- This is not a matter of violating their priv.
- The parents are responsible for their child
- We need to guide them in good times and
- It is not that they are doing bad things. We have enough experience to handle adult type situation.
- They really have not been here as long as we have!

WHERE DOES ONE REQUIRE THE MOST CYBER SAFETY?

- ✗ SOCIAL MEDIA- INSTAGRAM, FACEBOOK ETC
- ✗ ONLINE FORUMS-CHAT ROOMS,MESSAGE BOARD ETC;
- ✗ ONLINE GAMING COMMUNITIES

Adverse Effects Of Cyberbullying On Victims

Cyberbullying leads to the increase of stress along with this it increased the anger in a person. People feel frustrated. Sometimes they have to suffer depression and because of this, they will start favouring isolation as most of the time they do by including harmful activities like drugs and alcohol. Most of the victims of cyberbullying feel alone as they have a fear of sharing the information they have feared to talk with a stranger. Most of the time they used to fight and hurt themselves too.

People who are suffering from cyberbullying are most interested to attend the classes as they don't feel comfortable because of the embarrassment and harassment between their fellow students which results to give negative impact on their results. Sometimes apart from the mental and physical effects, the effects of cyberbullying can also affect the health of the victim. They might get ill or may suffer from sleeplessness.

Sometimes because of the high effect of cyberbullying a victim may also attempt suicide and some people who can't tolerate this type of situation feel like the best option to end all the problems is suicide.

CYBER SAFETY - ANIMATION

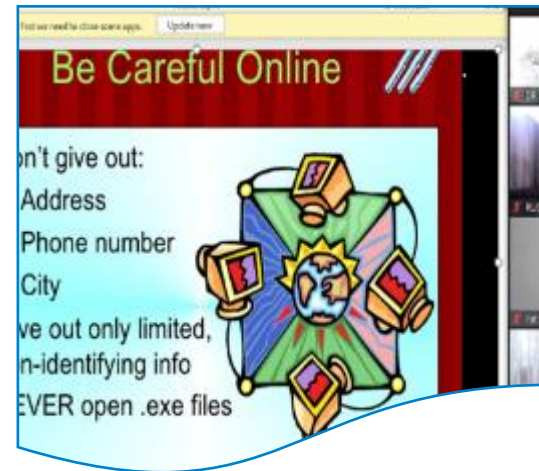

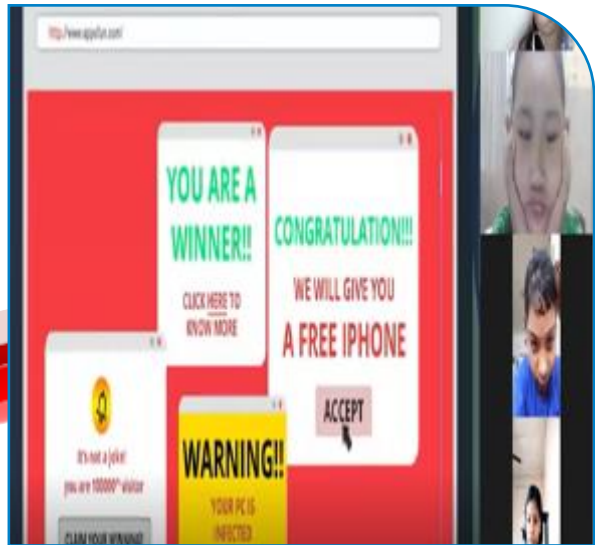

Internet does improve our lives but we cannot ignore the drawback.

STAY SAFE

INTERNET SAFETY!

CYBER SECURITY

INTERNET SAFETY AWARENESS SESSION

VIRTUAL PET DAY

Students and Teachers of ILS celebrated the existence of their favourite companion, the furry critters that bestow unconditional love in their daily lives. They shared their experiences on how the existence of a pet instilled a sense of responsibility, positivity and commitment in them. Their sheer presence spreads vitality and helps fight loneliness and depression. Pets are truly humanizing. They remind us that we have an obligation and responsibility to preserve and nurture and care for all life.

SOCIAL SCIENCE DAY

Two rounds of quizzing were conducted for students across grades VI to X on topics from Indian history; Indian Geography; Indian Art and Culture and Astronomy. The first round was conducted via the Edunext Portal and was a timed Quiz. 186 students qualified to round two, where students were quizzed over a zoom call. The best twenty students will be selected to represent our school in an International Level quiz Competition.

DEAR COMMITTEE Ms. Anjali Kripalani

The D.E.A.R. Committee proudly presented the bestselling author Ms. Anjali Kripalani for an interactive session with the teachers and senior students. The Best selling author read out an excerpt from her novel '19 Till I Die' and shared her source of motivation and inspiration. She lax the inquisitiveness of the budding authors and encouraged then to be genuine and authentic while writing. Writing should be intuitive and image by image and moment by moment and powered by feelings and emotions.

CAREER COUNSELLING

The Career Counselling Committee organized a very interactive session aimed at informing students about the various features of Carleton University and providing various reasons for which the students should enroll themselves into this university. Mr. Stuart spoke about the various courses provided by them and also other recreational activities. The various requirements and procedures for admission into Carleton, Co-op and career opportunities were discussed.

Results of Canadian Mathematics Competition Feb'2020

Students participated in **CENTRE FOR EXCELLENCE IN MATHEMATICS AND COMPUTING** Examination conducted by University of Waterloo, Canada. **TWELVE** students are among the top 25% of all contestants and will be awarded Certificate of Distinction.

2.	PIYUSH	KESHAN	Certificate
3.	NAAVYA	JAIN	Certificate
4.	PARVATHY	JAYAN	Certificate

ZOOM SESSION WITH A HOLOCAUST SURVIVOR

An interactive session was conducted over zoom, where students got a chance to hear firsthand about the conditions in a Nazi camp from a Holocaust survivor, ably aided by his wife. Mr. Michael Herkovitz is presently 92 years old, but he could very clearly reach out and describe in detail what he witnessed when the Germans invaded his country Czechoslovakia in March 1944. He also spoke about the living conditions in the Nazi concentration camps, where he was separated from his family. He is also the author of two books about his experiences and survival: *Early One Saturday Morning* and *Our Cherry Tree Still Stands*. Mr. Michael had the audience emotionally spellbound with this presentation.

ZOOM SESSION WITH A HOLOCAUST SURVIVOR

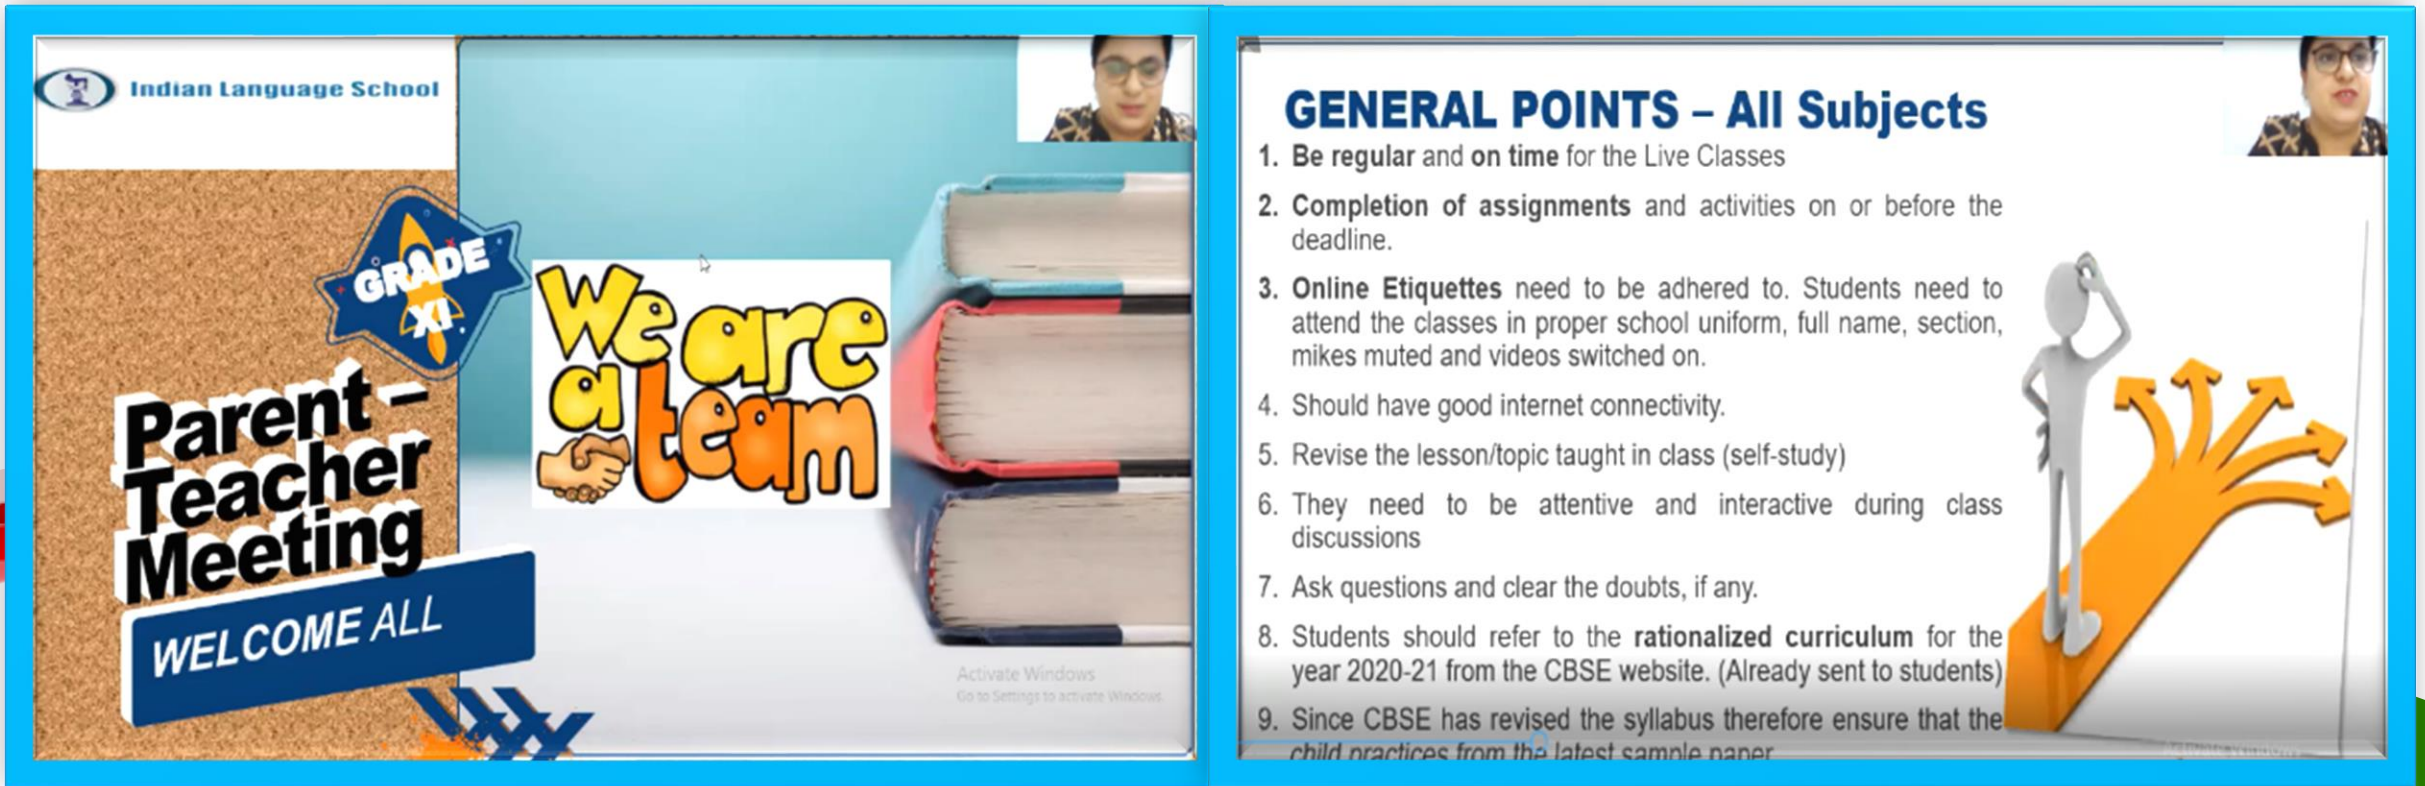

CHEMISTRY AND BAKING

Experiential learning also known as is the process of learning through experience, and is more specifically defined as "learning through reflection on doing". Everyone enjoys eating a slice of cake, but few of us realise the science behind this delicious desert. The students of Grade XII A & B, under the guidance of Mrs R. Lakhanpal, conducted experiments to understand the impact of using different ingredients in different quantities. Each student baked two cakes, and inferred that with a slight change in the temperature, catalyst or reactant, the product changes. The activity was educative, fun and scrumptious !!

PARENT TEACHER MEETING

Parent - Teacher Meeting works as a connecting link between parents and teachers, it bridges the communication gap between them. It plays a significant role in enhancing a child's education. ILS welcomed parents to one of its First Online PTM and this initiation for the holistic development of the children was appreciated and recognised by the parents. The overwhelming outcome of this interaction left both the stakeholders namely, Parents and Teachers contented and satisfied.

GRADE XI

Parent - Teacher Meeting

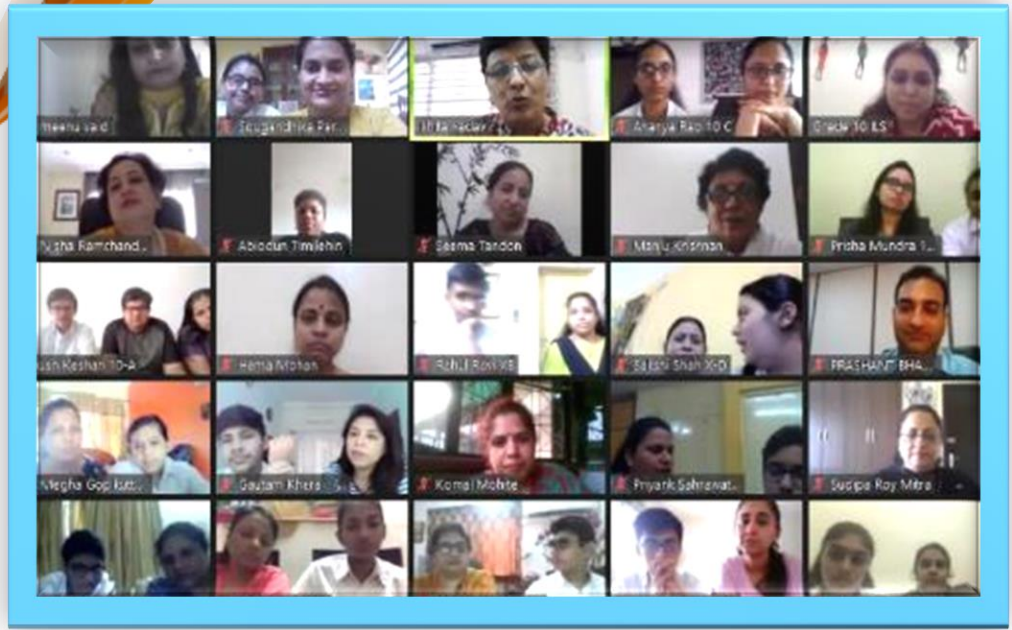

WELCOME ALL

We are a team

GENERAL POINTS - All Subjects

1. **Be regular and on time** for the Live Classes
2. **Completion of assignments** and activities on or before the deadline.
3. **Online Etiquettes** need to be adhered to. Students need to attend the classes in proper school uniform, full name, section, mikes muted and videos switched on.
4. Should have good internet connectivity.
5. Revise the lesson/topic taught in class (self-study)
6. They need to be attentive and interactive during class discussions
7. Ask questions and clear the doubts, if any.
8. Students should refer to the **rationalized curriculum** for the year 2020-21 from the CBSE website. (Already sent to students)
9. Since CBSE has revised the syllabus therefore ensure that the *child practices from the latest sample paper*
